Coat of Arms

Historiography

The Grant Coat of Arms illustrated left was drawn by an heraldic artist from information officially recorded in ancient heraldic archives. Documentation for the Grant Coat of Arms design can be found in Burke's General Armory. Heraldic artists of old developed their own unique language to describe an individual Coat of Arms. In their language, the Arms (shield) is as follows:

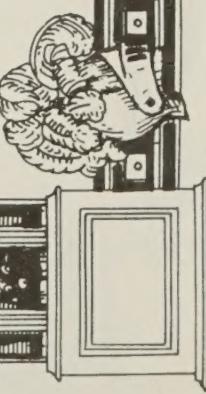

"Gu. three antique Eastern crowns or."
Above the shield and helmet is the Crest which is described as:

"A burning hill ppr." When translated the blazon also describes the original colors of the Grant Arms and Crest as it appeared centuries ago. Family mottos are believed to have originated as battle cries in medieval times. A Motto was recorded with this Grant Coat of Arms:

"STAND FAST"

Individual surnames originated for the purpose of more specific identification. The four primary sources for second names were: occupation, location, father's name, or personal characteristics. The surname Grant appears to be characteristic in origin, and is believed to be associated with the English, French, and Scott's, meaning, "a large or fat man", coming from the nickname "Le Grand (great; large)". The supplementary sheet included with this report is designed to give you more information to further your understanding of the origin of names. Different spellings of the same original surname are a common occurrence. Dictionaries of surnames indicate probable spelling variations of Grant to be Grand, Le Grand, Legrand, Graunt, Graunte, Greente, Grands, Legrands, Graunts, Graunte, Grentes, and Grants. Although bearers of the old and distinguished Grant name comprise a small fraction of the population there are a number who have established for it a significant place in history. They include: ANNE GRANT (1755-1838) Born in Glasgow, she was the daughter of Duncan M'Iver who served in the Army from 1758 to 1768. In 1779, ANNE married the REVEREND JAMES GRANT who was, at that time, Minister of Loggan. Unfortunately, in 1801, she was left a widow, and two years later wrote a work entitled, "Poems", as well as "Letters From the Mountains", written in 1806, and "Superstitions of the Highlanders", which she wrote in 1811. JAMES GRANT (1802-1879) Newspaperman who was the Editor of the "Morning Advertiser" from 1850 to 1871, and the author of over thirty religious and miscellaneous works considered to be of excellent caliber; died in London. COLONEL JAMES AUGUSTUS GRANT (1827-1892) Explorer who, from 1860 and 1863, went with Spike to explore the sources of the Nile. In 1866, he entered the Indian Army, and his services to them in Gujerat, Mutiny, and in the Abyssinian Expedition, brought him many medals of distinction. The author of many notable works, his best are thought to be, "A Walk Across Africa"; "Botany of the Spike and Grant Expeditions"; and, "Khartoum as I Saw It in 1863." HEBER J. GRANT (1856-1945) Between 1918 and 1945, he was President of the Mormon Church, and for many years, served in the Territorial Legislature and in many Mormon missions in Japan. No genealogical representation is intended or implied by this report and it does not represent individual lineage or your family tree.

YOUR NAME AND YOUR COAT OF ARMS — — Priceless Gifts From History

Until about 1100 A.D. most people in Europe had only one name (This is still true in some primitive countries today). As the population increased it became awkward to live in a village wherein perhaps 1/3 of the males were named John, another sizable percentage named William, and so forth.

And so, to distinguish one John from another a second name was needed. There were four primary sources for these second names. They were: a man's occupation, his location, his father's name or some peculiar characteristic of his. Here are some examples.

Occupation: The local house builder, food preparer, grain grinder and suit maker would be named respectively: John Carpenter, John Cook, John Miller, and John Taylor.

Location: The John who lived over the hill became known as John Overhill, the one who dwelled near a stream might be dubbed John Brook or perhaps John Atbrook.

Patronymical (father's name): Many of these surnames can be recognized by the termination-son, such as Williamson, Jackson, etc. Some endings used by other countries to indicate "son" are: Armenian — ian, Danish and Norwegian — sen, Finnish — nen, Greek — pulos, Spanish — ez and Polish — wiecz. Prefixes denoting "son" are the Welsh — ap, the Scotch & Irish — Mac and the Norman —

Fitz. The Irish O' incidentally denotes grandfather.

Characteristics: An unusually small person might be labeled Small, Short, Little or Lytle. A large man might be named Large, Long, Lang or Longfellow. Many persons having characteristics of a certain animal would be given the animal name. Examples: a sly person might be named Fox, a filthy person — Hogg, a good swimmer — Fish, etc.

In addition to needing an extra name for identification, one occupational group found it necessary to go a step further. The fighting man: The fighting man of the middle ages wore a metal suit of armor for protection. Since this suit of armor included a helmet that completely covered the head, a knight in full battle dress was unrecognizable. To prevent friend from attacking friend during the heat of battle it became necessary for each knight to somehow identify himself. Many knights accomplished this by painting colorful patterns on their battle shields. These patterns were also woven into cloth surcoats which were worn over a suit of armor. Thus was born the term "coat-of-arms".

As this practice grew more popular, it became more and more likely that two knights unknown to each other might be using the same insignia. To prevent this, records were kept that granted the right to a particular pattern to a particular knight. His

family also shared his right to display these arms. In some instances, these records have been preserved and/or compiled into book form. The records list the family name and an exact description of the coat-of-arms granted to that family.

Interest in heraldry is increasing daily. This is especially true among people who have a measure of family pride and who resent attempts of our society to reduce each individual to a series of numbers stored somewhere in a computer. In our matter-of-fact day and age, a coat-of-arms is one of the rare devices remaining that can provide an incentive to preserve our heritage.

We hope you'll agree that it is much more than just a wall decoration.

If you are interested in a more in-depth study of the subject of this paper, may we suggest you contact the genealogical department of any fair sized public library. We especially recommend the "Dictionary of American Family Names" published by Harper & Row and also "The Surnames of Scotland" available from the New York Public Library as excellent sources on the meaning of surnames.

"INTRODUCTION"

This is the information I have been able to find and put on paper on the Grant family by the help of several different sources.

As you know Grant is a very familiar name in North Carolina and in America as well. I will tell you what I have been able to put together. Most family names have been changed by families in years past, especially the spelling & pronunciation, but Grant is the same as far as I know.

A few of the places I found my information from is; The Land Grant office, The Archives & History "Search Room" in Wake County. The Register of Deeds Office In Wayne & Johnston County; and from some members of the Grant families. Also Cemetery Records have been very helpful if they had markers of any kind.

Birth & Death Certificates did not come into existence until about 1913. The only way before then to find any information was Wills, Land Deeds, Tax list, & Census Records; Cemeteries & a few other sources.

If there are dates in the book that are incorrect I am very sorry because records at the courthouse and Tombstones & from members of families do differ sometimes.

Marriage records are very helpful. Most of the marriages of our family of Grant's were in Wayne & Dobbs County. Most of the Dobbs County records were destroyed by fire and Wayne County does not have but very few records on marriages.

Dobbs County was formed from Johnston County in 1759, and Wayne County was formed from Dobbs County in 1779. Johnston County was formed from Craven County in 1745.

The first Census in North Carolina was taken in 1790, and The Grant name was in 9 counties at that time, the oldest one being Onslow County.

Apparently John Grant was the first one in Dobbs County. There was a John Grant there very early because he was murdered in 1773. He had a son by the name of John Grant also. There was a William Grant also.

I have found additional information on the Grant family compiled by Herbert Clyde Gray of Memphis, Tennessee in the Archives & History Records. You can determine for yourself as to what you would like to about the Grant's coming into Dobbs County.

There is a very important thing I found in the 1850 Census Book of Wayne County. Ephraim Grant said he was born in the West Indies. The Barbados Islands is in the West Indies. I will convey to you what he wrote on the Grant family history.

"Notes on the Grant family by Herbert Clyde Gray" - He is a descendate of the Grant family. He has a 5 page history of all the Grant's in Onslow County after the 1900's. This is his story and I quote:

The first record we find of our branch of the Grant family in America is the following from the "Maryland Judicial Records" dated 1698- 1701, as follows;

Mr Thomas Newbolt bought his servant Alaxander Grant into court to be judged of his age, who was adjudged to be 17 years of age. Dated- March 6, 1698-1699. Thomas Newbolt, who was also our ancestor lived in Somerset County, Maryland.; which later became Worocestor County. From the above court record we assume that Alaxander Grant signed up as an indentured servant to obtain passage money to America. The average peroid of service was 5 years. We do not know from whence he came, however Mrs. Clayton Grant of Wilmington, N.C. states he came from the Barbados Islands. Our branch of the family says that he first came to Pennsylvania, then later to Maryland where he married, and then on to Onslow County, N.C. Be that is it may, we know that he or his forbears came from the Highlands of Scotland, where the Grant clan lived along the Spey River. Thomas Newbolt died and his will was dated Feb. 9, 1713, and Alexander Grant was one of his witnesses to his will. So it would appear that Alexander Grant continued to live with the Newbolt's up to that timee I found no record of him owning land in Maryland.

Alexander Grant married in Somersat County, Maryland, Jane Starrett Binney, widow of Frances Binney. They moved to Onslow County, N.C. in 1721 or 1722 and settled on the west side of WhiteOak River, at what is now known as Grant's Creek about 8 miles North of Swansboro, N.C. He died in 1738, his will was dated June 5, 1738. He had his wife Jane, and 4 children. John Grant, Alexander Grant, Solomon Grant & Mary Grant.

We know pratically nothing about John Grant. He was left land in his father's will . We have found no will or any purchases of sales of land. We know that he was living when his brother Solomon Grant died in 1771, because he is mentioned in his will.

He goes on to tell the complete linage of the other children and when they died etc.

He did say that John Grant was missing and he did not know what happened to him. There was a John Grant that showed up in Dobbs County about that time. He was murdered in 1773 and he stated that in his father's will in 1771 he was mentioned.

I am led to beleive that this was the same Hohn Grant in Dobbs County. I do beleive that the Grant generations came from the Barbados Islands in the West Indies. There may be no connection but I will let you decide what you will also.

One of the interesting things is that some of the Grant family names are mentioned in Onslow County, Wayne County & still in our family today.

Onslow County-- Solomon, Mary, John, Ruben, Edmund, Experience, Rachel, Stephen, Alexander, William,Lizzie, Carrie,Issac, .

Wayne County-- William, John, Stephen, Jesse, Catharine, Mary, Benjamin,

Grantsboro in Onslow County probably got it's name after the Grant family if it was checked out throughly.

LAND GRANTS

JOHN GRANT JR.

John Grant Jr. received a land grant of 50 acres of land in Dobbs County on the North side of Neuse River on Oct. 13, 1783. He also received another land grant of 80 acres on Oct. 29, 1782. He also received another land grant of 80 acres in Wayne County in 1802. John Grant sold 80 acres of land on March 3, 1796 on the N. side of Neuse River and East side of Reedy Branch.

This deed stated his wife was named Rachel Grant.

WILLIAM GRANT

William Grant was issued a land grant in Dobbs County of 140 acres of land on Nov. 15, 1762. He was issued another land grant of 200 acres of land on Nov. 9, 1764. He was issued still another land grant of 200 more acres on Dec. 11, 1770. He sold James Parker 140 acres of land on the North side of Neuse River & East side of Walnut Creek on Feb. 25, 1795.

STEPHEN GRANT

Stephen Grant received a land grant in Wayne County on Dec. 6, 1809. He received another land grant of 76 acres of land on Nov. 20, 1810. He sold Benjamin Smith 130 acres of land in 1810. He bought 300 acres from William Smith in 1811. He sold Owen Roberts 76 acres in 1811. He got another land grant of 130 acres in 1810. There were several other transactions of land on Stephen Grant.

Stephen Grant's wife was named Patience Grant. They sold Issac Roberts 444 acres of land on July 19, 1812.

MICHAEL GRANT

Michael Grant had at least 2 children. He deeded his daughter Nancy Grant some land or something on the 16th of Nov. in 1807. He deeded his son Lewis Grant 110 acres of land on the West side of Walnut Creek on Nov. 10, 1801. On March 9, 1805, Lewis Grant sold the 110 acres of land to Barnaby McKinne.

These are the first Grant families in Wayne & Dobbs Counties. Ephraim Grant had to be John, William or Elisha Grant's son.

J O H N G R A N T

Apparently John Grant was the first head of the Grant family to live in Wayne County. I was lucky to run across this information in some of the old Dobbs County miscellaneous papers in the Archives & History on happenings in Dobbs County.

I found a series of papers on the trial of James Wilson, who was supposed to have murdered John Grant. I would like to have put a copy of the original papers in the book but the reading was not clear enough to do so.

There were several people put on the witness stand and each told their version of the incident. Apparently the fight took place on the 5th day of August 1773. The seventh day and the 9th day of August was mentioned in the trial. The actual trial took place on the 10th day of August 1773.

The witnesses stated that he was beaten very badly, and one witness said that he saw John Grant kicked in the belly by Wilson. One of the witnesses said he saw John Grant lying speechless and saw him expire & die. Apparently John Grant smoked a pipe because one of the witnesses heard him tell John Grant to lay down his pipe or he would knock it down his throat, and he saw James Wilson give John Grant a good a whipping as ever he had seen in his life. John Grant's wife Mary Grant was a witness also on trial. She stated that Wilson had kicked him in the side and he had said that would be the end of him.

John Grant had a son by the name of John Grant Jr. that also testified in court, that his father had departed this life on Friday night the 6th day of August 1773. He said he believed the death of his father was caused by several blows & bruises received from the Monday preceding .

EPHRAIM GRANT

Ephraim Grant bought 50 acres of land on the North side of Neuse River for \$150.00 on the 16th of Dec. 1829. On Aug. 30, 1835 he bought 284 acres of land from John B. Hurst for \$900.00

A few years later Ephraim Grant bought 205 acres of land from Richard Hinson for \$720.00. On Aug. 20, 1835, Ephraim Grant sold Daniel Grant 142 acres of land.

On Nov. 30, 1854, Ephraim Grant deeded 205 acres of land that he had purchased from Richard Hinson in 1838, to his two sons, Jesse & Jeremiah Grant. He stated that this was the land he now lived on.

Ephraim Grant's will was dated Dec 31, 1860, of which I am putting a copy in this book. It is not very clear but maybe you can read it. Ephraim Grant's wife was named Nancy Grant.

K I N C H E N
G R A N T

Kinchen Grant bought 272 acres of land from Nicholson Washington for \$680.00 on the West side of Walnut Creek on Nov. 4, 1842. Later on he bought 172 acres from Major Uzzell.

Kinchand Grant bought two tracts of land from his father Ephraim Grant on Nov. 28, 1838. He paid \$700.00 for the land. It was on the North side of Neuse River. One tract contained 182 acres and it did not state how much the other one contained.

On Sep. 13, 1843, he sold Daniel Grant three tracts of land. One was a 50 acre tract that Ephraim Grant, his father, had purchased from Edmund H. Whitfield in 1829. One tract contained 132 acres, one 50 acres more or less.

In 1850, Kinchen Grant sold the 172 acres of land he had purchased from Major Uzzell in 1844. He sold the land to Abby Whitley for \$660.00. It was located on the North side of Neuse River and on the South side of Walnut Creek.

In 1850, on the 5th of Sep. he sold Abby Whitley the 272 acres he had purchased from Nicholas Washington in 1842. This was located on the North side of Neuse River and on the West side of Walnut Creek.

I put the price of land in the deeds to show how much the price & value of land has gone up over the years.

(April 12, 1861 -- April 9, 1865)

This is a list of the men that served in the Civil War from Johnston County. I have one listed from Wayne County. All the ones listed from Johnston County as you can see are our family members.

1. Benjamin Grant --- Private -- Co. E -- Reg. 24 -- He enlisted May 31, 1861 from Johnston County. He served until June 16, 1864, when he was taken prisoner at Draweys Bluff, and sent to prison.

He came home after the war and raised a family. He resides on his farm in Ingrams Township in this county. He is my great-grand father.

2. Kinchen Grant --- Private -- Co. H -- Reg. 20 -- He enlisted April 24, 1862 from Johnston County. He was killed in some battle in West Virginia. We know him in boyhood as a son of the old man Kinchen Grant of Bentonville Township this county.

3. Joseph Grant --- Private -- Co. G -- Reg. 55 -- He enlisted April 3, 1862 from Johnston County. He was a good soldier, but died soon after enlisting this army. He was a brother of Dennis Grant of Bentonville Township.

4. Dennis Grant --- Mollitts Battalion --- This is all the information I could find on him.

All these above soldiers were brothers as you can see in the book. Benjamin Grant & Nancy Grant filed for a pension from the war as did also Dennis Grant & Mary Jane Grant.

W A Y N E C O U N T Y

Ephraim Grant --- Private -- Co. D -- Reg. 4 -- He enlisted Feb. 28, 1862 from Wayne County. This is all the information I found on him. He had to be one of our ancestors from Wayne County.

On the 25th day of May in 1872, there was a deed of 28 $\frac{1}{2}$ acres of land to his children. Benjamin Grant & Appie, Dennis Grant & Mary Jane, Handy B. Jernigan & Mary, Lovit Lee & Winifred. This land was on the South side of Hannah's Creek.

Benjamin Grant

On January 30, 1873, Benjamin Grant deeded Lovit Lee & Winifred 50 acres more or less, and this was known as the division of the lands of Penny Grant.

On Dec. 21, 1876, Benjamin Grant & Appie sold Walter & Polly Jernigan 5 $\frac{1}{4}$ acres of land.

On Oct. 3, 1896, Benjamin Grant & Appie deeded Cicero Grant 19 $\frac{1}{2}$ acres of land. On Oct. 7, 1899, he sold the land to Archie Artis Jr.

On Dec. 1, 1895, B.J. Grant & Appie deeded U.S. Grant 36 3/4 acres of land.

In 1913, B. J. Grant & Nancy Grant sold Gethre Hayes 11 $\frac{1}{2}$ acres of land, & also sold Perry Thompson 19 3/4 acres of land.

In 1921, Benjamin Grant & Nancy sold Martha E. Lee 37 acres.

On Jan. 2, 1926, Benjamin Grant had passed away and he had 9 $\frac{1}{2}$ acres of land left. P/D/Thompson bought the land that was left.

As you know the Grant's settled in Bentonville & Ingrams Township in Johnston County. Most of them between Smithfield & Newton Grove, N.C. on 701 Highway. Etta Grant Thompson is still living today in that same section. She is 91 years old. Most of the Grant's have lived long lives down through the years. A lot of them in their 80s & 90s. My granddaddy was almost 91 when he died. They have also owned land and land has been deeded to their children in many cases over the years. I hope this information in this book will be of help to someone over the years. It took about two years to complete. If anyone finds any other information on our side of the Grant family I would like to know. This is a very time consuming project but it has been very interesting to do.
